Accreditation

Each individual pharmacist **must** send copies of their relevant accreditation:

Participating pharmacies must ensure that a designated pharmacist has completed **CPPE learning for Substance Use and Misuse within the past 3 years.**

Current training (updated in December 2017) takes the form of a 4 module E-learning sessions with an E-assessment.

CPPE certificates for all individuals providing the service from the pharmacy must be uploaded onto the DPS system, before the commission commences on 1st May 2018.

All certificates must be dated within the last 3 years. The commissioner will accept e-assessment certificates based upon the previous CPPE substance use and misuse distance learning or e-learning modules so long as they were completed within the last 3 years.

It is the responsibility of the designated pharmacist to be assured that all staff (including support staff and locum pharmacists) are adequately trained to meet the requirements of the service at all times and that information on the DPS is current and updated as staff change.
